

Welcome to Term 4

Dear Parents/Carers,

Term 4 has started with a bang with a fantastic trip to Bristol Museum and Art Gallery! The children really enjoyed exploring different periods in history as they toured the museum and all of us learnt a great deal about portraits and landscapes from our art workshops. We had so much fun; we are already planning another trip!

Main Topic

Our main topic this term is 'Fit for Life!' and your children have come up with some exciting ideas about how they would like to extend their learning. The overall theme the children want to develop is to learn about how people exercised in the past, including competitive sports. The children will learn, through developing their research and creative skills, how to promote a healthy lifestyle. In Art this term we will be learning how to use Batik to create a collaborative piece of work that will show what the children view as a healthy lifestyle.

We are really looking forward to Science Week where we will transform into Forensic Detectives!

Other Information:

Physical Education

Our PE this term will be based around the theme of Dance. It will still take place on **Thursdays** and **Fridays**. Please ensure your child has a PE kit and suitable outdoor shoes, otherwise they will not be able to take part.

Homework

Any homework that is sent home is a consolidation of what we are learning in school. Through doing this work, we can ensure your child fully, and independently, understands concepts learnt in class.

Your child has daily work to be done each evening, which is as follows:

- Reading – a comment to be written in their reading record
- To learn their spellings for a test on Friday, and
- To learn their multiplication tables for a weekly test.

We thank you for your support in this.

If you have any questions or need to speak to us, please feel free to make an appointment to come and speak to us after school.

Miss Lyon and Miss Burton

P.S. Please could you start saving kitchen roll tubes and send them into school?
Thank you.
