

KINGS' FOREST PRIMARY SCHOOL
HELPING YOUR CHILD IN SCHOOL

Class number Year group Term number

Mrs Havard and Miss Bradburn

Dear parents and carers,

Our topic for this term is 'Machines and Structures', and Year 2 will be focusing on 'Puppets' and creating their own! We hope to use these in our story writing and drama.

We are sending home a 'Maths Targets' booklet, which shows the targets that your child is working on at the moment, and has some ideas for supporting your child at home. In particular, try out the money activities, which will help in the maths challenges we are doing this term!

We are planning a day trip to the SS Great Britain as part of looking at local history and the life of Isambard Kingdom Brunel.

In Science, we are looking at plants and growth, with lots of practical outside work! Now the weather is warmer, please make sure your child has PE kit with trainers every day, as we will be using the field for athletics and games.

We look forward to seeing you at parents evening!
