

Term 6

Dear Parents and Carers,

A big welcome to Term 6! We have been so busy that the year so far has just flown by. However, we still have a lot of interesting and exciting activities planned for the children before the Summer Holidays.

Main Topic

This term our topic will be Our World and we shall be looking at The Sea. The children are very excited about the topic and have suggested lots of ideas for their learning. We will be looking at animals and how they adapt to their environment, which we will get chance to explore in a hands-on way when we go to @Bristol for our trip.

Numeracy

We will be extending our knowledge of addition, subtraction, division and multiplication. We will also be learning about shapes, measures and problem solving. Everyone has been working hard to learn their times tables.

Literacy

This term we will read, discuss and act out a famous adventure story. We are going to use this story to help us to improve our characters, setting and adventure story writing.

PE

Our PE lessons will be on the same days, so please ensure your child has an outdoor PE kit in school at all times. We will be improving our fielding and striking skills by learning to play a variety of games. Already we have spent an exciting morning working with a golf coach. Not sure if we have any budding golfers but all the children clearly learnt a lot.

We are all excited and counting the days to our trip! More information will follow nearer to the date.

Hopefully the warmer weather will continue, so please make sure your child has a named sunhat, sun cream and a drink in school.

If you have any questions please feel free to come in and speak to us.

Mrs Brooks and Mr Bowman
