Please practice these words with your child. Encourage your child to say the sound at the beginning, read the sounds they can see in the word using the sound buttons before they blend to read the actual word. Please note that the real words are words that need to make sense therefore if your child says the word and it does not make sense it means that they are using the incorrect sound. The Alien or Nonsense words do not have to make sense so your child just need to reads and blend the sound as they see it.
